**SPOT TREATS  
Ant Nests  
LAWN &  
GARDENS**

Traditional nematode formulations have been a successful but limited biocontrol for over 2 decades. **NemaKnights™** are the next generation biocontrol.

- ~ Based on encapsulated steinernema feltiae
- ~ 6 month shelf stable formula
- ~ Extended slow release control of larval soil pests
- ~ Easy application, simply flip lid and shake in areas with pest damage.
