

Controls

Introducing Pot Poppers™... Kills gnats in potted plants!

Pot Popper Organic Insect Control

- Exclusive 6 month - Non refrigerated shelf life
- Fast and easy control of pests in potted plants
- Each popper globe contains 8 bio-pouches (treats 8 plants)
- Slowly releases nematodes into soil for longer lasting control
- Use on indoor, greenhouse plants as well as outdoors in containers
- Contains new patent pending infusion bio-pouch technology.

Pot Popper Display

- Each display contains 12 Pot Poppers
- Eye catching display to merchandise near potting soils, houseplants tropicals and grow your own vegetable displays

Just pop, drop & water in!

NO REFRIGERATION
